REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

None of the prior art taught or suggested an in plane switching device with the floating line located as claimed either adjacent the lower portion of the data line or in the same plane as the gate line, and overlapped with the data line and comprising two lines. The in plane switching (IPS) language of the preamble is viewed as having weight towards patentability, as a non-IPS cannot be used as an IPS device (a device either is or isn't IPS).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kenneth A. Parker whose telephone number is 571-272-2298. The examiner can normally be reached on M-F 10:30-6:00.
